Enroll

STEP 1

Plug the light bulb in as close to the panel as possible.

STEP 2

On the panel **select** **SYSTEM SETTINGS** > enter master code > **Select** **SMART HOME SETTINGS** > **Select** **ADD DEVICE**.

STEP 3

Turn the light on and off 2-4 times > Panel should say a device was discovered > **Select** **OKAY**.

STEP 4

Select the left arrow > **Select** the left arrow > **Select** the **HOME** button.
